**WIRELINE COMPETITION BUREAU SEEKS COMMENT ON SIYEH COMMUNICATIONS
PETITION FOR DESIGNATION AS AN ELIGIBLE TELECOMMUNICATIONS CARRIER
AND THE JOINT PETITION OF SIYEH COMMUNICATIONS AND 3 RIVERS TELEPHONE
COOPERATIVE, INC. TO WAIVE THE DEFINITION OF “STUDY AREA” CONTAINED IN
PART 36 OF THE COMMISSION’S RULES**

CC Docket No. 96-45, WC Docket No. 09-197, WC Docket No. 10-90, WC Docket No. 05-337

Comment Date: May 5, 2020

Reply Comment Date: May 20, 2020

The Wireline Competition Bureau (Bureau) seeks comment on a petition filed by Siyeh Communications (SiyCom), a federally-chartered Tribal corporation of the Blackfeet Tribe of the Blackfeet Indian Reservation (Reservation), seeking designation as an eligible telecommunications carrier (ETC) for the purpose of becoming eligible to receive high cost support.¹ The ETC designation will encompass the Browning Montana Exchange (Browning Exchange), which includes certain lands located within the Reservation and a small portion of contiguous non-Tribal lands previously ceded by the Tribe to the United States and exclusively occupied by Tribal members.²

In addition to seeking an ETC designation, SiyCom and 3 Rivers Telephone Cooperative, Inc. (3 Rivers) (together, Petitioners) jointly seek waiver of the definition of “study area” contained in part 36 of the Commission’s rules.³ Petitioners state that the purpose of the waiver is to remove the Browning Exchange from the 3 Rivers study area and to add that exchange to the study area of SiyCom.⁴ SiyCom and 3 Rivers add that they have entered into an asset purchase agreement whereby SiyCom will purchase substantially all of the assets of the Browning Exchange from 3 Rivers in order to provide local exchange

³ Joint Petition for Waiver of Siyeh Communications and 3 Rivers Telephone Cooperative, Inc. for Waiver of the Definition of “Study Area” Contained in Part 36, Appendix-Glossary of the Commission’s Rules, CC Docket No. 96-45 (filed Mar. 23, 2020) (Study Area Petition). 47 CFR Part. 36 App. (defining “study area”). Effective November 15, 1984, the Commission froze all study area boundaries to prevent incumbent local exchange carriers from establishing separate study areas made up only of high-cost exchanges in order to maximize their receipt of high-cost universal service support. See *MTS and WATS Market Structure, Amendment of Part 67 of the Commission’s Rules and Establishment of a Joint Board*, CC Docket Nos. 78-72, 80-286, Decision and Order, 50 Fed. Reg. 939 (1985). A carrier must therefore apply to the Commission for a waiver of the study area boundary freeze if it wishes to transfer or acquire additional exchanges.

service, and interstate and international services, to customers located within the Browning Exchange.⁵ Petitioners emphasize that granting the study area waiver petition (and the section 214 application for the transfer of assets) would result in significant benefits to customers residing and working in the Browning Exchange because SiyCom would build out a modern network that will deliver high quality voice and broadband services to residential and business customers.⁶ In addition, post-waiver and transfer, SiyCom will serve all customers within the Reservation. Petitioners state that grant of the Study Area Petition complies with the standards set forth in the *USF/ICC Transformation Order*,⁷ and that the public interest will be served by granting the waiver.⁸ SiyCom states that, “[i]n accordance with Section 54.902(c) of the Commission’s rules, as a non rate-of-return entity acquiring rate-of-return lines,”⁹ SiyCom expects to receive model-based universal service support.

In the *USF/ICC Transformation Order*, the Commission streamlined its rules governing study area waiver requests, creating a method similar to the Bureau’s processing of routine section 214 transfer of control applications.¹⁰ In the past, the procedures for addressing petitions for study area waiver required the Bureau to issue an order either granting or denying the request after issuing a public notice. Under the revised process, upon determination that a petitioner has filed a complete petition and that the petition is appropriate for streamlined treatment, the Bureau will issue a public notice seeking comment on the petition, and the petition will be deemed granted 60 days after the reply comment due date absent further action by the Bureau.¹¹ Based on an initial review, the Bureau finds that because of the policy issues raised by the Petition, it is inappropriate for streamlined treatment and should be subject to further analysis and review. Accordingly, the Bureau will issue an order either granting or denying the Study Area Petition after considering the record, including the record received in response to this public notice.¹²

Interested parties may file comments on or before the dates indicated above and must be submitted in the following dockets: CC Docket No. 96-45; WC Docket Nos. 05-337, 09-197, 10-90.¹³ All pleadings must reference **CC Docket No. 96-45**. Comments may be filed using the Commission’s Electronic Comment Filing System (ECFS), or by filing paper copies.
